WELCOME

Greetings Friends and Fellow Cattlemen,

Let me begin by saying thank you to our customers for your continued confidence and support of our program. Each year we are humbled and grateful for the excellent demand for our offering. For repeat and prospective buyers we thank you for taking time to evaluate our cattle. As we have mentioned before this is a family owned and operated ranch and we all take pride in continuing to offer quality cattle that "Work For You."

We know there a lot of great cattle being offered for sale this fall, but as you consider your bull choices we hope that you consider bulls that are backed by moderate framed, efficient, and docile Red Angus Cows that continue to pay for themselves, and support our operation year after year. We have always stressed the need to have cattle that are productive and profitable, requiring minimum inputs to generate maximum outputs, this why our ranch motto is "Cattle Working For You!" This years offering is again, one to be impressed by, this standout set of bulls continues to represent 30 plus years of Red Angus breeding experience resulting in some of the very best Red Angus Cows that were bred and developed to thrive and produce in a tough environment.

We have always found that great cows raise great calves and this set of bulls is no exception, they are easy fleshing, good footed, deep bodied bulls that will sire calves that are born easy and hit the ground with vigor and start growing on day one.

We run our cow herd the same way that many of our customers do, out on the short grass prairie with minimal inputs, where they are expected to make a living for themselves. These bulls live exclusively on grass and milk until weaning. Post weaning they were developed on grass and then transitioned into a lot where they were fed a high roughage ration designed to achieve gains of 2.75 lbs per day to ensure their feet and condition hold up through the winter and the upcoming breeding season.

We are extremely pleased with the offering this year and welcome you to stop by and view the bulls and have a cup of coffee anytime. We look forward to seeing you all soon!

- The Kravig Family
